***Going the Extra Mile...***

Lynden Transport is a complete multi-modal, regional, common and contract carrier. Lynden Transport also provides LTL cargo service on motor-water-motor routes using steamships, barges, and the Alaska State Ferry System. Lynden Transport has truckload capabilities for vanable, refrigerated, flat-bed and heavy-haul commodities on both water and highway routes.

Both Lynden Air Freight and Lynden Transport were recognized by the readers of *Logistics Management Magazine* with the 2004 Quest for Quality Award. Lynden Air Freight was rated by shippers as the top forwarder for both 2002 and 2003. This is Lynden Transport's eighth consecutive year for receiving this exemplary recognition
